

## Client Agreement (Mortgages, Equity Release & Protection) What We Do and How We Charge

We are a financial planning business, focused on helping you understand and plan for your financial future. This information is designed to give you an idea of:

- **What we do and how we do it (our services)**
- **What it is likely to cost and how you can pay us**

More detailed information is available on our Client Agreement document issued separate to you and available from our website [www.loughtons.co.uk](http://www.loughtons.co.uk)

This document provides details about our services and how we charge, so it's important that you read it fully. If there's something you don't understand please ask us to explain it.

### Our services

Whatever financial decisions you have to make, the first step towards making the right decisions is to establish a clear understanding of your needs. At our first meeting, we will gather information about you to help define your needs and priorities.

Our services include:

- **Mortgage advice:** Whether you're buying your first home, moving home or looking to re-mortgage, our mortgage services are designed to provide you with the best mortgage solution for your needs.
- **Equity release** is a way of releasing the wealth tied up in your property. With an equity release product, you have to be over a certain age (typically over 55) and own your own home. Where you are eligible for equity release we are able to advise on equity release products.
- **Protection planning:** Most of us want to protect the things that are important to us, our family, business and quality of life. Protection planning can help to provide peace of mind in the event of your income changing due to unexpected events. We can help you plan for the best way to protect you, your family your mortgage and your financial future.

We'll only start work once we have agreed our services and charges with you. We'll give you a copy of our **Client Agreement – mortgage, equity release and protection (terms and conditions)** which will set out the services we have agreed to provide and confirm how much this will cost.

## Our advice

### Mortgage and Equity Release Advice

- We advise on a comprehensive range of mortgages and equity release products from across the market, but not deals that you can only obtain by going direct to a lender. Our advice will be based on the most suitable mortgage and equity release product included within the range available to intermediary firms. If there is a mortgage or equity release product that you are aware of which is available directly from a lender that you wish us to review and comment on, we are happy to do so. We may charge you a fee for providing advice in relation to this but would agree this with you at the time.
- We offer advice on a comprehensive range of lifetime mortgage products from across the market, but we don't advise on home reversion plans. We advise on first and second charge mortgages.

### Protection Planning

- Where we provide protection planning services we are an insurance intermediary and will provide advice which is based on a fair and personal analysis of the market. Consequently, we consider protection products such as term assurance, income protection and critical illness cover from a **range of insurers**.

### Alternative finance options

You should note that where we provide services in relation to increased borrowing on an existing mortgaged property there may be alternative options available to you that may be more appropriate. For example:

- You may be able to obtain a further advance from your existing lender, or obtain an unsecured loan for the additional funds.
- Where your existing mortgage is a first charge against the property, a second charge mortgage may be available and
- Where your existing mortgage is a second charge a first charge loan may be available.

### Initial and Additional Advice Services

This service includes:

- An initial meeting to find out more about you (we don't charge for this initial meeting)
- Agreeing your financial goals and objectives
- Establishing your attitude to mortgage risk
- Reviewing your current arrangements
- Undertaking research to identify appropriate products
- Providing a personalized report and recommendations
- A face to face meeting to discuss our recommendations
- Implementation of agreed recommendations
