This document accompanies our 'Client Agreement' Document and provides details about how we charge for the services provided to you, so it's important that you read it fully. More detailed information is available in our 'Client Agreement' document issued separately to you and also available from our website www.loughtons.co.uk

Our Services

People seek financial advice for many different reasons so it's important that we understand exactly who you are and what you want to achieve. At our first meeting we'll gather information about you to help define your needs and priorities.

Our services include:

- **Mortgage advice:** Whether you're buying your first home, moving home or looking to re-mortgage, our mortgage services are designed to provide you with the best mortgage solution for your needs.
- **Equity release:** A way of releasing the wealth tied up in your property. With an equity release product, you have to be over a certain age (typically over 55) and own your own home. Where you are eligible for equity release we are able to advise on equity release products.
- **Protection planning:** Most of us want to protect the things that are important to us, our family, business and quality of life. Protection planning can help to provide peace of mind in the event of your income changing due to unexpected events. We can help you plan for the best way to protect you, your family your mortgage and your financial future.

We'll only start work once we have agreed our services and charges with you. Our Engagement Letters set out the services we have agreed to provide and confirm how much these services will cost.

Our Advice

Mortgage and Equity Release Advice.

We advise on a comprehensive range of mortgages and equity release products from across the market, but not deals that you can only obtain by going direct to a lender. Our advice will be based on the most suitable mortgage and equity release product included within the range available to intermediary firms. If there is a mortgage or equity release product that you are aware of which is available directly from a lender that you wish us to review and comment on, we are happy to do so. We may charge you a fee for providing advice in relation to this but would agree this with you at the time.

We offer advice on a comprehensive range of lifetime mortgage products from across the market, but we don't advise on home reversion plans. We advise on first charge mortgages only.

Protection Planning

Where we provide protection planning services we are an insurance intermediary and will provide advice which is based on a fair and personal analysis of the market. Consequently, we consider protection products such as term assurance, income protection and critical illness cover from a range of insurers.
